See Letter Enclosed

### Stark Trees Are Worth More Than We Ask

"It is seldom that I have a chance to write a letter thanking a company for their excellent products. For, in these days, it is seldom that you get more than what you pay for."

When I received your letter in answer to my letter asking for prices on pear trees, you stated that you would send me trees that I would like to plant and be proud of. That, sir, is an under-estimation in my opinion after looking the trees over. The fact is, anyone would be proud of them. After comparing the trees for size and growth with trees that I bought from nurseries in this state and planted, some of them as far back as two years ago, I realized that I got more than my money's worth from you.

In appreciation for what you have done for me and as a suggestion that might help your sales in the northern vicinity, may I make a remark that you do not seem to stress enough that your trees will grow as good up north here as trees bought from this locality. As far as I can see, they are doing as good — even better than trees bought from northern nurseries.—John Yanik, Wayne County, Mich.

# STARK BRO'S AMAZING NEW DWARFS

FEARLESS AND STURDIER THAN ANY OTHER DWARFS

## NOW

!!!

You Can Grow Your Own  
Delicious Tree-Ripe Fruit —  
Even in Tiniest Back Yard — with

## STARK HARDY DWARFS

Giant-Size Fruit QUICKER from Trees No Bigger than  
a Dining Table. You Can Plant 5 Times as Many Stark  
Hardy Dwarfs as Standard-Size Trees in Same Space.  
Trees Sold ONLY by Stark Bro's.

Dreams of millions of town and city families are  
now coming true when they plant Stark Hardy  
Dwarf Apple and Pear Trees.

They are picking Giant-Size, Deliciously Flavored,  
Vitamin-Filled Apples and Pears from  
their own trees—even if their yards are tiny ones  
that go with 30 or 50 ft. city lots.

### DON'T NEED A LADDER TO PICK THEM

Trees are so small, you don't even need a ladder  
to pick the fruit and care for trees. Yet strong  
and sturdy enough to give you bushels of Big,  
Juicy Apples or Luscious Pears all Summer, Fall  
and for Winter use if you plant several Dwarf  
Trees ripening in succession.

### FRUIT IS GIANT SIZE

It's amazing, yet Apples and Pears grown on  
Stark Dwarfs are Giant-Size—as Large or Larger  
than the same variety grown on Standard-Size  
Trees.

### SAME DELICIOUS FLAVOR

Apples and Pears are just as good as they are

when grown on Standard-size trees—just as fine  
in every way.

### BEAR EVEN QUICKER

"Stark Hardy Dwarfs in my father's back yard  
are surely amazing," says Harry Guengerich.  
"When only 2 years old, they had a nice crop.  
This (3rd Year) they are simply loaded."

### USE THEM IN A DOZEN PLACES

These Amazing Stark Hardy Dwarfs are so small  
they will fit in a dozen places around the yard  
—one on either side of the doorway—Wherever  
you need a Tall-Growing Shrub.—At corner of  
house—in Patio—Trained on Wall or house or  
garage, etc., or as a "Vest Pocket Orchard" at 8  
to 10 feet apart.

(Commercial plantings 15 to 20 ft. apart)

### PROUD OF STARK DWARFS

"I have 4 Dwarf Apple Trees bought of you a  
little over 2 years ago and they have had apples  
on them two seasons. The Golden Lodi had 52  
large apples this year. I am very proud of them."  
H. Q. Jones, Miss.

Picking Huge Starking Delicious Apples from Stark  
Hardy Dwarf Apple Tree Only 4 Years Old. Stark  
Hardy Dwarf Apple Trees Are Grown by New U. S.  
Patent Process. Trees are Sold ONLY by Stark Bro's.

## WHY Stark "Quadruple Life"

Trade-Mark

## Process Dwarfs Are SUPERIOR TO ANY OTHER DWARFS

### Four Separate and Distinct Parts

In producing Stark Quadruple-Life Hardy  
Dwarf Trees, four separate and distinct parts  
are required.

These are grafted by Stark Bro's Patented  
Process.

1st Part—Special Nurse-Root French Crab type  
seedling grown especially for Stark Hardy  
Dwarfs.

2nd Part—The Special SUPER-HARDY Crab is  
grafted onto Nurse-Root. This combination  
graft is planted extra deep to encourage develop-  
ment of Hardy Crab Roots with Extra  
Hardy Trunk.

3rd Part—A Hardy Clark Dwarfing Section from  
Iowa is grafted on the Special Super-Hardy  
Crab Trunk.

4th Part—The desired Stark Record-Bearing  
Strain Variety such as Stark Golden Delicious,  
Starking Delicious, or Stark Red-Gold, is  
grafted on top of the Hardy Clark Dwarfing  
Section. This develops into the Broad, Spread-  
ing, Well-Branched Top of these Quadruple-  
Life Dwarf Trees.

Only from Stark can you get these Quadruple-Life  
(Trade-Mark) Hardy Dwarf Fruit Trees.

Stark Process Patented U. S. Patent Office  
(Patent No. 2523600)

### Doctor Picks Apples from 2-Year Dwarfs.

"On March 1950 we planted 8 of your  
dwarf apple trees. They made good  
growth beyond all expectations. In 1951  
they blossomed (some of them heavily)  
and 5 of the 8 bore fruit. A Stark Golden  
Delicious had 39 apples on it. (15 on  
one limb). A Stark Jonared had about  
20 apples."

Franklin E. Cutler, M.D.  
Lincoln County, Oregon.

### 300 Apples from Two 2-Year Dwarf.

"February 1949 I purchased from your  
firm two Stark Golden Delicious and  
two Starking Delicious Dwarf Apple  
Trees. Last year, 1950, the Golden's  
had a few apple and this season I picked  
nearly 300 apples from the two trees. I  
am sure pleased with them and they are  
a source of admiration by all my  
neighbors."

C. J. Pine,  
Lake County, Calif.

### Stark Dwarf Trees Hardy in Minnesota.

"Last Spring you shipped 6 of your  
Dwarf Apple Trees to me. At the time  
there was some question in my mind as  
to whether they would weather the winter  
or not. They have come through an  
unusually severe winter in fine shape  
and look as good or better than our  
native trees."

Ferd Kosec,  
Goodhue County, Minn.

### Pleased with Stark Dwarfs.

"The one dozen dwarf apple trees sent  
me last autumn are all out in leaf and  
the dwarf apple trees sent me just a  
year ago are in blossom and probably  
will bear fruit this year. I am very  
much pleased with them."

Fred W. Manning,  
Santa Clara County, Calif.

### Dwarfs Extremely Popular.

Western New York fruit tree grow-  
ers report an unprecedented demand for  
dwarf fruit trees. The dwarf trees take  
up less room than their standard-size  
brothers. In huge suburban housing pro-  
jects, where lots are usually small, they  
are extremely popular.

### Trees Arrived in Excellent Condition.

"Although my order was only a small  
one, I received it in excellent condition.  
I was very pleased with the care taken  
in the packing of the trees to insure  
their arrival in a good condition. If the  
trees don't grow I can blame nobody  
but myself."

Donald L. Marquette,  
Delaware County, Pa.

### Home Sold for MORE Because 1-Year Stark Dwarfs Were Bearing.

"The dwarf trees I purchased from  
you and planted in my small yard  
(16x40 feet) in Washington, D. C., bore  
fruit the following year and aided me in  
making a nice profit when I sold my  
place."

J. G. Bradley.

### 1-Year Stark Dwarfs In Bloom.

"The one dozen Dwarf Apple Trees  
you sent me last autumn are all out in  
leaf and the Dwarfs sent me just a year  
ago are in blossom and will bear fruit  
this year. I am very much pleased with  
them."

Fred W. Canning, Calif.

### Number of Dwarfs You Need for Any of Following-Sized Plots of Ground— Planting Dwarfs 10 Feet Apart.

10x20 ft.	6 Dwarf Trees
10x30 ft.	8 Dwarf Trees
10x50 ft.	12 Dwarf Trees
20x30 ft.	12 Dwarf Trees
20x50 ft.	18 Dwarf Trees
30x50 ft.	24 Dwarf Trees

For commercial plantings Plant  
15 to 20 ft. apart.

## Prices Dwarf Apple and Pear Trees

J. L. Baker of Pennsylvania, picking 1/2  
bushel of big tree-ripe Stark Golden De-  
licious apples from his Stark Quadruple-Life  
Dwarf Tree planted in his front yard just  
29 months before.

### Stark Dwarfs Bear Even Younger

Stark Golden Delicious Apple Tree  
Planted ..... April 1950  
Started to bear ..... Fall 1951  
Bore 1/2 Bushel ..... Fall 1952

Stark Bro's Nurseries,  
Louisiana, Missouri.  
Gentlemen:

The two snapshots enclosed are of  
a Stark "Golden Delicious" Dwarf  
planted in April 1950. The pictures  
were taken October 1952. That, if I am  
correct, is 29 months. This same tree  
had a few apples the year before (1951).  
In 1952 I took off a few more than 1/2  
bushel. You can observe size from the  
snapshot.

A "Lodi" planted the same time had  
a peck of fine apples. I believe we  
picked them late in July. I am sure  
pleased and have recommended Stark  
Hardy Dwarf Apple Trees to many of  
my friends.

Kindly send me the following—  
1 Stark Earliest, Dwarf.....\$4.00  
1 McIntosh Double-Red, Dwarf.....\$4.00  
1 Northern Spy, Dwarf.....\$4.00  
Check enclosed.

J. L. Baker, Pa.

# BE FIRST—BE

Here at last is the giant, hardy, crack-resistant Sweet Cherry that has been longed for by the Stark Grower. Never before have we had two top sweet cherries so hardy they winter through 30° below zero weather safe and sound. And they help each other grow. The cross-pollinizer—work together to give you big crops of most delicious red and gold sweet cherries you ever tasted.

Starking Hardy Giant trees bear immense clusters of large, beautiful, luscious cherries—gorgeous dark red, almost purple, and firm, so full and rich, the flesh is "bites" crisp and firm. They are the most superb eating! Ripens to tremendous size in mid-cherry season—only 2 to 3 weeks after strawberry time. Produced astonishingly heavy crops even under the harshest conditions. The cherry of the future. Red Sweet Cherry for Eating, Cooking, Market. NINE.

## Genuine Trees of U.S. Patented & Trade-

# STARK GOLDEN DELICIOUS

—a discovery that is producing more wealth for Americans than ever came out of a gold mine.

"I followed a 1,102-mile trail by bus, horseback and on foot," said Paul Stark, "to pay a mountain orchardist \$5,000.00 for the mother tree of Stark Golden Delicious. . . . day some years ago."

"One April day some years ago, three wonderful yellow apples reached us from a West Virginia mountaineer-orchardist, who wrote that they were a new heretofore unknown variety. When my brother, Lloyd C. Stark, bit into one of the golden apples, the flavor amazed him. They looked like Grimes Golden—they were shed like Stark Delicious and they tasted like Stark Delicious! "Our experts were summoned. The commotion that resulted was tremendous! That Fall I started on 'The Trail of the Golden Apple' to the farm of Mr. A. H. Mullins, on whose place the golden apple had grown. . . .

"Back of the house I saw an orchard. But—all the trees I could see were nothing but wild seedlings—miserable runts. Dejected and sick at heart, I turned around to leave—when I SAW IT!"

"There, looming forth in the midst of small, leafless, barren trees, was one tree with rich green foliage that looked as if it had been transported from the Garden of Eden.

"That tree's boughs were bending to the ground beneath a tremendous crop of great, glorious, glowing apples!

"I started for it on the run. A fear bothered me. 'Suppose it's just a Grimes Golden after all. I came closer and saw the apples were 50 per cent larger than Grimes Golden. I picked one and bit into its crisp, tender, juice-laden flesh. Eureka! I had found it! The long sought-for perfect yellow apple had been discovered — The Trail of the Golden Apple — reached a successful end!"

"Before I left I made arrangements to pay Mr. Mullins \$5,000.00 for all rights to this original Stark Golden Delicious Apple Tree and to build a burglar-proof cage to protect it against theft of its buds."

Stark Golden Delicious is the **WORLD'S CHAMPION** yellow apple. And **how it bears!** Big, luscious golden fruit has been picked off 2-year trees all over the world.

Whether you plant one tree or a thousand, this gorgeous golden giant will prove to you—bushel for bushel and dollar for dollar—that it is the world's **QUICKEST, HEAVIEST** bearer.

Extra large, premium size. Rich, cream-colored flesh just bursting with luscious juice—sweet, yet spicy. As juicy as a perfectly ripened pear.

This is the big, sunny-gold, peak-of-perfection apple that will bring you top prices **every** season. It is always a good, solid, juicy late-keeper—keeps

## Greatest All-Around Apple Ever Grown

- "More people are taking to Stark Golden Delicious every year." *H. T. Bigelow, Mich.*
- "Since I started eating a Stark Golden Delicious at bed-time I have thrown all my medicine bottles away." *John Sharpe, Mo.*
- "Quickest, heaviest bearer of all." *Lester Chambers, W. Va.*
- "Still crisp and juicy in June—9 months after picking." *Prof. F. S. Merrill, Mo.*
- "3 crops from my 5 year trees, even though I am South of the so-called Apple Belt." *J. D. Prickett, Ga.*
- "Ideal for Eating, fine for Cooking—Demand for this apple is ever increasing." *Geo. Marsh, Head Fruit Dealers Assn.*
- "My trees are loaded again this year. They bear every year, even without any other trees to pollinate them." *T. Miller, Ohio.*
- "I picked 44 bushels from one tree last Fall." *J. E. Ulrich, Wash.*
- "My trees bore at 2 years old and haven't missed a crop." *A. D. Boulard, Kentucky.*
- "I market my Stark Golden Delicious at 50% more than others." *A. D. Burgeim, Okla.*
- "My Stark Golden Delicious came through coldest winter in 40 years—ranging from 43 to 55 degrees below zero. Bore 3rd year after planting and 5 year trees produced 3 bushels each." *A. H. Ingalls, Quebec, Canada.*

## Genuine Stark Golden Delicious Trees

# PROUD to Grow These Brand New Varieties!

## A130 REDHEART

New. Red-fleshed Mid-summer Plum.

Redheart is a Large, New Red-Fleshed Plum—a cross between Wickson and Duarte. In color and shape it resembles Starking Delicious. Its delicious flesh is bright red, becoming somewhat deeper red at full maturity. Flavor sweet and rich with a pronounced aroma similar to Duarte. Texture firm-melting. Fine grained. Excellent Skin moderately tough, crisp—good keeper and shipper. Ripens to its full delicious flavor even when picked firm-ripe. Tree Hardy, Vigorous and a heavy producer. Larger fruit will result from 4" spacing between plums early in season. Fine pollinizer especially for Elephant Heart.

## —AMERICA'S QUICKEST, SUREST AND HEAVIEST BEARING APPLE

## World" Declared Luther Burbank

till the next crop of apples comes along. Eat it fresh, and you'll never get enough of its crisp, juicy goodness. In Stark Golden Delicious you've got a winner for wonderful, rich apple sauce; full-flavored apple butter; fragrant, mouth-watering pies that fill the whole house with appetizing fragrance. Women, especially, prize Stark Golden Delicious for all kinds of salads, because it stays fresh and tempting long after cutting. Rich in vitamins and minerals—a delicious way to keep the doctor away.

Perfection for Eating, Cooking, Canning, Processing, Market. Bears quick. Bears unusually heavy crops in North, Central, South.

## \$52 Crop From Single 7-Year Stark Golden Delicious

Recently Carl Kirn, of Calhoun Co., Ill., sold over \$4,000.00 worth of fruit from just 9½ acres—all Stark Trees, planted on hilly land—land too steep for ordinary farm crops.

His greatest profits came from Stark Golden Delicious, Starking and Young-Bearing Jonathan Apple Trees. Some Stark Golden Delicious trees bore 20 Apples at 2 years old—a good crop at 3 and 4 years, and every year since. He says that his 7-year-old Stark Golden Delicious Trees bore 15 bushels and cashed him \$52.00 per tree, and he sold his entire crop of Stark Golden Delicious and Starking Delicious for \$3.50 a bushel while still on the trees.

"Unbelievers Came for Miles to See Stark Trees Bearing at 2 Years"

"I would rather give you FIFTY DOLLARS for one of your trees than ten cents for a tree of any other company, and I bought from most of them."

"Burbank July Elberta bore 2 bushels of peaches the second year."

"Stark Golden Delicious Apple bore the second year—the only apples around here. Also had cherries on Stark Gold Tree the second year."

"People wouldn't believe me when I told them. So they came for miles around to see for themselves."—Alfred F. Langlais, Massachusetts.

## Even Newspaper Reporter is "Stumped" to Describe Its Glorious Flavor

(From Baltimore Sun)

Attending a Horticultural Show our reporter was handed a huge, gold colored Apple and told "Here, try one of these." This apple was clearly something special, and our correspondent, whose respect for with care.

First, he examined it—turning it this way and that to admire its opulent form, its delicate coloring.

Then, he smelled it—inhaling its rich fragrance with pleasurable anticipation.

Then, reverently, he sank his teeth into it. This apple, as he tells us, was a far cry from the ordinary apple of the marts of trade. It melted; the flavor was sweet beyond belief, and spicy acidity. He says there is no English word to describe such glorious flavor, relieve."

"That is a Stark Golden Delicious," he was told when he had eaten this delight-giving bearing."

## SCARLET STAYMARED

Trade-Mark

**The Supreme Stayman Winesap! Bears Quicker. Flaming Red All Over Weeks Sooner! Stays Crisp and Juicy All Winter**

Stark Bro's paid nearly \$1,000.00 a foot for the original limb and tree of this most valuable of all the great Stayman Winesap Family! A glossy, fiery, all-over-red, with spicy, juicy, crisp flesh of "sweet but tartish" flavor. Scarlet Staymared makes handsome eating right off the tree. Champion cooks prize it for mouth-watering pies; for cobbles, dumplings just oozing with juice; for tangy apple butter and crystal-clear jelly. And for sparkling, zingy cider, it beats all other Staymens ever known. A brilliant red 30 days ahead of ripening time. One of the biggest of all apples. So distinctive in its flashing red color and giant size, it was awarded a U. S. Patent. Bears young, with enormous crops. For Eating, Cooking, Cider, Market.

"Weighed 22 Ounces"  
"We had Scarlet Staymareds that weighed 22  
ounces each."—Frank Tracey, Ohio.

"And How It Bears"  
"Some of our 6-year Scarlet Staymareds trees bore  
14 to 16 bushels each."—Rising Springs Orchard, Ill.

## JONARED

Trade-Mark Reg. U.S. Pat. Off.

**Supreme—New Super Jonathan—Colors Sooner, and Keeps Longer and Bears Quicker Than Jonathan**

The big, new apple that IMPROVES on all of Jonathan's famous good points—and does away with the old Jonathan weak points! Jonared (for which the original tree cost us \$2,000.00) is the ONLY red Jonathan sport to win a U. S. Plant Patent! Turns bright, all-over-red color about 2 weeks sooner—ready to pick while still solid, before there's risk of loss through dropping. Fine pollinizer.

Jonared has all the wonderful, prized Jonathan flavor; it's big and almost TWICE as red—a bright, solid blazing red without one sign of stripe! One of the most beautiful of all red apples, Jonared's rich, spicy, tangy flavor makes it a delicious and handsome fruit for your Home Orchard and a premium-price profit builder in every section. In great demand for Eating, Cooking, Cider, Market. Trees thrive in North, Central, South..

"\$10.00 Worth Per-Tree From 4-Year-Olds"  
"I wish you could have seen my 4-year-old  
Jonared trees this year. They bore nearly  
\$10.00 worth per tree."—John Cruttenden, Ill.

"Jonareds Sold For Twice the Price"  
"Jonareds made a good crop of fine colored  
all-over-red apples that sold for twice the price  
of regular Jonathans."—John Widner, Mo.

## STARK Double-Red ROME BEAUTY

Trade-Mark

**Stark New Double-Red Rome Beauty is the Largest, Reddest Strain. World's Best Baking Apple**

The triumphant answer to the demand for a big, flashing all-over-red Rome Beauty Apple that keeps firm and juicy all winter long. One of the latest keepers of all apples—in good condition when apples come again. Hotels and Restaurants eagerly pay premium prices for Stark Double-Red Rome Beauty Apples for appetizing Baked Apples, Pies and Desserts. Popularity is growing every year as growers acclaim it one of the surest, youngest bearers and biggest money makers! Trees Thrive North, Central, South.

"One of Most Valuable of 50 Varieties"  
"I am sending you sample of Stark Double-Red Rome  
Beauty, one of the most valuable of 50 varieties. Good  
pollinizer. Annual keeper—commencing at young age.  
One of the best keepers. So attractive it sells well."  
L. I. Clinton, N.Y.

"Best Red Rome"  
"Your Stark Double-Red Rome Beauty is best of all  
Romes tested here. Uniform in size and the color is  
always perfect."—W. S. Blair, Supt. Dominion Farms,  
Nova Scotia.

"Late Spring Bloomer—Skips Frosts—  
Bears Every Year"

"Very best apple for this climate. Bears annually.  
Blooms late and frosts do not greatly affect its bearing  
qualities."—F. M. Jones, Santa Fe Co., New Mexico.

"Brings Highest Prices"

"I planted the first Stark Double-Red Rome Beauties  
in Colorado. Am now getting \$3.00 to \$3.50 a bushel."  
—W. S. Coburn, Colorado State Board of Horticulture.

# Leaders of the Apple World!

## STARKING DELICIOUS

Trade-Mark, Reg. U.S. Pat. Off.

### America's Most Valuable, Most Deliciously Flavored Red Apple

Here is the **FINEST** red apple in the whole wide world! — the shining, solid-ruby-red giant that glows on the counters of the highest-price luxury stores in America and floods the air with its wine-like perfume. Here is the **MASTER** apple that puts the crowning glory on the nation's most expensive baskets of fruit—the "dream" eating apple prized above all others in deluxe clubs, fine hotels and restaurants throughout the land. The apple which has **NEVER** been equalled for magnificent color, mammoth size, crackle-crisp flesh, deeply exciting sugar-n-spice flavor as tantalizing as the fragrance of an old-fashioned garden!

And this is the apple, the matchless **STARKING DELICIOUS**, that **YOU** can grow right in your own back yard!

For commercial growing, Starking Delicious is the world's most popular and most profitable red apple. In the past 25 years this one variety has built some of the greatest fruit fortunes in America. Because it turns full-red before it ripens, it can be picked crisp, for late keeping—becomes "money-in-the-bank" for you weeks sooner—keeps perfectly right through the Winter months. All ready to cash in on fancy Spring prices long after ordinary apples have disappeared from the market. The world's finest red eating apple. Tops in all quality markets. America's best red money-maker, producing big money crops everywhere—North, Central, South.

#### "THEY PUT ME ON EASY STREET"

(Photo at left)

"When I planted 250 Starking Delicious Apple trees I was heavily in debt on a small farm, but in a short time these trees began to bear and in no time at all they put me on 'easy street'—making me \$3,000.00 to \$6,000.00 per year. Not a bad income for an old man 80 years old. When I say apples, I consider Starking Delicious the finest in the world."—J. E. Parish, Calif.

#### "BORE 4 TIMES WHAT I EXPECTED"

"Last year I harvested a big crop of Starking Delicious Apples. I was never so gratified in the quantity produced, the excellent color and size of the fruit and also in the price—\$3.70 a bushel right at the orchard.

"When I first started to pick these Starking Delicious I thought I would have about a carload—500 bushels—but I picked four cars of them, totaling 2,000 bushels.

"When the buyer had his last bushel loaded on the truck he patted me on

the back and said 'I sure got a bargain in those apples—you should have got \$4.00 for every bushel of them—because every bushel of them is Extra Fancy.'"—Paul Ringhausen, Calhoun County, Illinois.

#### "SAVED US DURING DEPRESSION"

"I have 165 trees of Starking Delicious purchased from you which really saved the day for us during depression years. This small block (2½ acres) grossed me \$17,350.00 the last 6 years."—A. Miller, Ore.

Actual Size  
Starking  
Delicious Apple  
(Trade-Mark Reg. U.S. Pat. Off.)

#### "Got \$5.00 a Bushel for My Apples — \$2,229.80 from 2 Acres of Stark Trees"

Walter H. Atherton of N. M. told us that he sold a \$2,229.80 crop from his 2 acres of Stark Apple Trees this year. He said his local stores paid him \$5.00 a bushel for his No. 1's and that each tree bore over \$30.00 worth of fruit.

#### 10 BU. FROM 7-YEAR TREE

"About 7 years ago I planted 2 Starking Delicious and 2 Stark Golden Delicious trees. They bore the 4th year and this year my best Golden Delicious had 10 bushels. My Starking Delicious were not quite so prolific, but I had plenty that measured 12" in circumference.

"Mississippi may not be an apple state, but if anyone will plant Stark trees and care for them, they will never be disappointed."—Douglas D. Weeks, Miss.

#### "WINS SWEEPSTAKES"

"Starking Delicious won Sweepstakes at Canadian Royal Winter Fair and in addition won First, Second, Third Prizes." Canadian Horticulture Magazine.

#### 50% HIGHER PRICE

"My Starking Delicious trees which started bearing when they were 3 years are loaded again.

"One of these trees bore 11½ bushels. Starking Delicious is a keeper and the tree is surely a young and heavy annual bearer. Apples bring me 50% more than Delicious."—F. M. Simon, Ohio.

#### \$1,020.18 Worth of Apples From \$2.50 Stark Tree

"In 1921 my father and mother sent you their picture standing beside a 3-year-old Stark Golden Delicious apple tree bearing 1½ bushels of big golden apples.

"Here is a picture of me standing beside that same tree in 1948 from which my son has just picked over 19 bushels of big, juicy apples. We estimate that we have harvested about \$1,020.18 worth of Apples from this one tree that cost my father only \$2.50. I might add that we were very conservative in making this estimate." A. Johnson-Mapes (Daughter Albert Johnson, Ore.)

Also Available in **STARK HARDY DWARF TREES** at \$4.00 Each

## STARK REDGOLD

U.S. Plant Patent No. 720—Trade-Mark

**NEW—U. S. Patent Apple—Red Hybrid of Stark Golden Delicious—Rivals Its Parent in Flavor and Young Bearing. We Paid World's Highest Price of \$7,500.00 for This Amazing Apple!**

Weeks ahead of Delicious, and before Jonathan reaches prime eating condition, you can smack your lips over the pure deliciousness of Stark REDGOLD! This new apple sensation blends the rich Starking flavor and its spicy tang of Stark Golden Delicious. And its trim shape, flashing solid scarlet color, make it so beautiful you'll be proud to say it grows on your property!

When other apples are still too tart or starchy to eat, RedGold—the first high-quality winter dessert apple to develop full

flavor—will be ready for you to pick. Bears amazingly young. Just 13 months after first test graft was set in our Test Orchards, RedGold bore its first fruit. Late spring bloomer, sure bearer.

Stark Bro's gladly paid the famous originator, Mr. F. A. Schell, \$7,500.00—a World's Record Apple Price—for sole ownership of this sensational variety. You'll see why when you raise RedGold for Early Eating, Roadside and Holiday Markets! NNCS.

The housewives' favorite for jelly, jam, preserves and cider. Tree spreading. Valuable for ornamental lawn tree and for fillers. Extremely hardy.
- A207. Dolgo—For pickles, jelly. White blooms.
- A216. Whitney—Large size. An old favorite.

## Assure You Trees That Bear Years Quicker—Bear Larger Fruit—More Delicious Fruit—Bear Far Heavier

After generations of research and the expenditure of thousands of dollars, we now propagate all our varieties direct in line from exclusive Stark Improved World's Champion "Record-Bearing" Strain Parent Trees.

Prof. A. D. Shamel, in charge U. S. Fruit Improvement Investigations, says:

"The work of searching out valuable new improvements and superior fruit variations is of great value to the fruit industry. These improvements in color, size and increased production can unquestionably be reproduced from these known superior strains and will result in better fruit and more profit for fruit growers."

Leading Horticulturists, when planting their own orchards, prefer trees they know have been propagated from trees of known superior records. For instance, Prof. Greene, for years Chief Horticulturist of Ohio Experiment Station, stated:

"If I were planting an orchard myself, I would prefer that the nursery stock I used would be propagated from trees of known records."

Every Stark Tree is now a "Record-Bearing" Strain Tree, and back of it is our Parent Tree with a known record of superior accomplishment.

In other words, every variety of fruit we now grow is propagated direct-in-line from the very finest tree of that variety we could locate in the entire United States—a Parent Tree that has an outstanding record for heavier bearing, or younger bearing, or larger sized fruit, or better colored fruit, or a combination of these superior characteristics.

Our "Record-Bearing" Strains are the best insurance of success a planter can buy—yet these better trees cost little more than ordinary trees propagated from scions cut promiscuously from unknown parents.

"In my 10-acre Stark Demonstration Orchard the apples sold for as much as \$65.00 per tree. Fully 1/2 of the crop is sold a whole year ahead."

Montie Hammell, Ind.

**EACH STARK TREE HAS A FAMOUS "PARENT"**—Every fruit tree sold by Stark is propagated direct-in-line from THE FINEST TREE OF THAT VARIETY WE COULD LOCATE IN THE ENTIRE UNITED STATES—a tree with a known record of superior accomplishment.

## Stark "Old Oak Process" Whole-Root Trees

TRADE-MARK

### These Big-Rooted Trees Bear Younger. Bear Bigger Crops. Bear Bigger Fruit. Live Longer.

"Old Oak Process" (Trade-Mark) is a symbol of Stark Trees grown on Special Hardy Roots by a Stark Process that makes them so hardy and husky that they are "As Sturdy as an Oak"—though not on oak roots. This Trade-Mark has been Registered in the U. S. Patent Office and is owned exclusively by Stark Bro's Nurseries — the Only Nursery in the World that can Supply genuine OLD OAK PROCESS WHOLE-ROOT Trees.

The vital part of a tree is not the top. You can grow a new top, but you cannot change the roots. The original root system remains—and it will always determine the health and bearing power of the tree. Piece-root trees are slow growing—are easy prey to insects and diseases. They are easily blown over because they have no big brace roots to hold them firmly in the ground.

The tree that has big, strong, vigorous roots quickly extends its root system downward and in all directions—takes a firm grip

on the soil—eagerly sucks up strength from the earth—shoots upward like a husky, healthy, outdoors boy—comes into full bearing years before the weak piece-root tree and lives and bears big crops, long after the piece-root weakling has been cut up for wood.

Buy no trees that give you anything less than OLD OAK PROCESS Whole Roots. The vitals, life and foundation of your trees—your profits from them year in and year out—depend on the roots. Big-rooted Stark OLD OAK PROCESS Trees bear younger and heavier—bear bigger fruit and live longer—because they have the healthiest, strongest foundations known in the world of horticulture. They are the foundation of most of the great orchards in this country. They have founded the fortunes of many of the most prosperous fruit growers in America.

Stark "Old-Oak Process" Whole-Root Trees are Sold ONLY by Stark Bro's.

UNITED STATES PATENT OFFICE  
STARK BRO'S NURSERIES & ORCHARDS  
CO., OF LOUISIANA, MO. OLD OAK PROCESS TRADE-MARK FOR FRUIT TREES.

Only from Stark Bro's can you get genuine "Old Oak Process" Whole-Root Trees.

# AMAZING NEWER, BETTER STARK-BURBANK PEACHES

## You Can Grow Them to Undreamed-of Size, Color, Delicious Flavor

Peach Trees are Dwarfish Growing and can be planted along with Stark Dwarf Apple and Pear Trees in Small Space.

### A50 HAL-BERTA GIANT

World's Largest Yellow Freestone Peach. Many Weigh a Pound Each.

"Hal-Berta Giant is unquestionably the greatest peach of all time," declared R. H. King, famous Peach Grower. At 4 years original tree of Hal-Berta Giant produced 6 bushels of giant-sized peaches — many weighed a pound each.

- **Colorful** — Its almost Fuzzless skin is Golden Yellow blushed with Vivid Red. Luscious firm flesh is Golden Yellow. A perfect Freestone.
- **Giant Size** — World's Largest Yellow Freestone Peach — many weigh a pound or more each.
- **Honey-Sweet Flavor** — Same exquisite flavor that won for Hale the name "Million Dollar Peach."
- **Ripens Mid-Season** — 7 days after Elberta.
- **Excellent Shipper** — Goes on the market in beautiful eye-appealing condition.
- **Hardy** — Thrives in all Peach-growing sections — North, Central, South. Plant with Starkling Delicious, Burbank July Elberta or Stark Early Elberta for bigger crops. Young, heavy bearer. Often bears at 2 years.
- **Uses** — Marvelous for Eating Fresh, Desserts, Freezing, Canning and biggest money-maker on the market.

### A48 STARK EARLY ELBERTA

The SUPREME Yellow Freestone Peach of its Season. The Favorite All-Purpose Peach. "Most Beautiful and Most Perfect Peach" "Finest Home Canning Peach"

"Favorite Freestone Peach with Commercial Canners" — These are just a few of the many letters of praise which come to us from all over America about Stark Early Elberta — Genuine Summer Gleason Strain.

- **Colorful** — Pure Golden Yellow, with glorious Vivid Red Blush. Thick, luscious Golden Yellow Flesh. A Perfect Freestone.
- **Most Delicious Flavor** — Acclaimed "The Most Deliciously Flavored of all Peaches." Luscious, Juicy, as sweet as nectar with no bitterness.
- **Ripens Early** — About 7 days before Elberta.
- **Wonderful Shipper** — Test shipment traveled 11,500 miles without refrigeration. Peaches still in good shape.
- **Uses** — Perfect for Eating Fresh, Desserts, Ice Cream, Cobblers, Pies, Freezing and the Favorite Freestone Peach for Home and Commercial Canning. Brings top prices on the markets.

### STARK EARLY ELBERTA

First to Ripen of All Top-Quality Yellow Freestone Peaches.

To bring you the enjoyment of this Earliest Ripening, Top Quality, Yellow Freestone Peach, Stark Bro's paid \$10,000.00 for Starking Delicious. It is a true Bud-Sport of Burbank July Elberta. Exactly like this nation-wide favorite for Eating, Freezing, Desserts, Canning, Markets. And ripe, ready to eat 3 whole weeks before Burbank July Elberta. 36 days before Elberta.

- **Colorful** — Vivid Red over Golden Yellow skin. Luscious, Yellow Flesh. Freestone when fully ripe.
- **Large Size** — Individual peaches often measure 3 1/2 x 3 1/2 inches.
- **Exquisite Flavor** — Super-delicious. Rich, Sweet, Juicy like its wonderful parent—Burbank July Elberta.
- **First to Ripen** — Earliest Ripening of all top quality Yellow Freestone Peaches.
- **Hardy** — It thrives in North, Central and South. Blooms late and resists spring frosts. Bears big crops — often starts to bear at 2 years.
- **Uses** — "Most Wonderful Peach of All" for Eating Fresh, Freezing, Canning, Desserts. Brings top prices on the Markets.

Genuine Trees of Above U.S. Plant Patent and Trade-Mark Peaches Sold ONLY by Stark Bro's.

#### Stark Very Early Peaches

##### A119. Early White Giant

New U.S. Plant Patent No. 878 \*\*\*

Earliest Ripening Big White-Fleshed Freestone. At last you can know the palate-tantalizing enjoyment of fine Freestone Peaches earlier than ever before. Big, luscious, creamy-white peaches, chock-full of delicious juice.

Easy to grow in your own back yard. A profit-maker for local markets. Escapes most pests. To insure top size thin fruit to 5 inches apart 3 weeks after blooming. Early White Giant now comes to you in all its flushing beauty of fiery red, splashed over rich white — plus mouth-watering flavor — as the first of all Freestone Peaches to ripen — 48 days before Elberta. Ready to eat right after cherries and before any other Freestones are ripe. For Eating Fresh, in a wonderful Peaches-and-Cream combination, for delicious desserts, you will want to grow your own family supply of these giant peaches. Heavy Bearers and Sold ONLY by Stark Bro's. NCS.

Pl. Pat. No. 878. New Earliest Yellow Semi-Free. Bright red bluish over deep yellow. Luscious flesh is a rich, clear, clean yellow. Medium size. Very fine when fully ripe. Ripens 48 days before Elberta. 7 weeks ahead of Elberta. For the Home, Roadside and Local Market Orchard even in sections where few peaches thrive. NCS.

A44. \*Halehaven. Yellow Freestone. Larger, more beautiful, stronger skin, less tendency to cling than South Haven. Ripe 12 days before Elberta. NCS.

A39. \*Belle of Georgia. Best Mid-Season White Freestone. Large, showy peach. Delicious. Splendid shipper. One of best. NCS.

A161. \*Burbank Flaming Gold described in "Fuzzless Peach" panel at left.

A155. \*Champion. White Freestone. Juicy flesh. Too soft to ship but excellent for Home and Local Market Orchards. NCS.

A45. \*Golden Elberta Cling

World's Finest Canning Yellow Clingstone

Does your family love Canned Peaches — big, sunny halves that glow like molten gold? Then plant Golden Elberta Cling. This firm-fleshed, Mid-Season Clingstone is the finest, most delicious Canning Peach the world has ever known. Superb for eating fresh, too. Resembles Stark Early Elberta; same marvelous color, and super-quality. "Our most pleasant surprise was Golden Elberta Cling" writes Willis D. Witter, Md. "It is a beautiful large peach, excelled by none in flavor." Eating, Canning, Market. Trees Sold ONLY by Stark. NCS.

A111. \*Starkling. Very Early. Starkling New Large Strain of Disregard. Yellow Freestone. Ripe week ahead of Redhaven. Delicious. Firm. Fine Shipper. Ideal for Eating, Freezing, Canning, Market. NCS.

A106. \*Redhaven. New. Extremely early yellow freestone. Fine flavor. Fiery red. Ripe 30 days before Elberta. NCS.

A100. Stark Sure-Crop

\*\*\* New U.S. Plant Patent No. 670

Hardest Peach Known. Largest Very Early Cling. The earliest big, red-skinned, white flesh cling with super-quality. Excellent to can.

Stark Sure-Crop is a big, brilliant, red-skinned peach with thick, firm, juicy, white flesh — an excellent canning and shipping peach for the very early high-priced markets. A Home Orchard and Roadside Market favorite. Ripens 6 weeks ahead of Elberta. Fine for Eating, Canning, Freezing. NCS.

A38. Stark Jun-Berta

\*\* U.S. Plant Patent No. 1021

Resembles Elberta Queen (Above). New. Large, Very Early-Ripening Yellow-Bud-Sport of Fair's Beauty. 10 to 14 days EARLIER. LARGER. Better, Sweeter Flavor. Semi-cling. Ripens 6 weeks ahead of Elberta. Fine for Eating, Canning, Freezing. NCS.

A100. Stark Sure-Crop

Stark Peach Trees Are So Husky and Hardy They Often Start to Bear at 2 Years. Planting Instructions FREE with Each Order.

### A47 BURBANK JULY ELBERTA

A Sensation Wherever Peaches Grow. Often Bears at 2 Years. So Distinctive it was awarded a U. S. Patent.

Burbank July Elberta is hardy wherever peach trees grow. It is a quick, extra heavy, every-year bearer, even where other varieties fail. It's a big money-maker for home, roadside and commercial orchards. You can grow it to perfection in your own back yard.

- **Colorful** — Vivid scarlet over Golden Yellow skin. Luscious flesh is firm and Golden Yellow. Small pit. A perfect Freestone.
- **Large Size** — Fine size for Canning, Freezing, Markets.
- **Exquisite Flavor** — Super-delicious. Rich, Sweet, Juicy — absolutely no equal except Starking Delicious.
- **Ripens Early** — 15 days before Elberta.
- **Shipping Ability** — "Best shipper of all Freestones" declared Alvin Eckert, famous Illinois peach grower.
- **Extra Hardy** — Excellent for North and Central. A fine Peach for the South because of its short dormancy period.
- **Uses** — Wonderful for Eating Fresh, Desserts, Freezing, Canning. A money-maker on the market.

### A49 J.H. HALE

Perfect roundness, giant size and glorious color plus wonderful flavor make this great peach one of Stark Bro's "Super 6" Leaders.

● **Color** — Vivid carmine over golden yellow, almost fuzzless skin. A perfect Freestone.

● **Mammoth Size** — Almost as large as Hal-Berta Giant.

● **Delicious Flavor** — Meaty like a cling, yet melting, tender and free from stringiness and bitterness.

● **Ripens Mid-Season** — A few days after Elberta.

● **Shipping Ability** — Keeps well and ships well.

● **Hardiness** — Thrives in all Peach-growing sections — North, Central, South. For bigger crops plant with other high quality peaches such as Burbank July Elberta, Stark Early Elberta, Starking Delicious, etc.

● **Uses** — Marvelous for Eating Fresh, Desserts, Freezing, Canning and one of the big money-makers on the mid-season market.

A40 Honeydew Hale

\*\*\* U.S. Plant Patent No. 888. Trade-Mark.

Revolutionary Firm White-Fleshed Freestone. A Wonderful Keeper and Shipper.

Honeydew Hale is the ONLY White-Fleshed Freestone that can be picked tree-ripe, shipped thousands of miles or kept 3 or 4 weeks in a home refrigerator — yet retain its startling beauty, firm juicy flesh and rich spicy flavor. It's a giant too — as large as Hal-Berta Giant.

● **Color** — Creamy White skin overspread with carmine is almost fuzzless. Thick juicy flesh is Creamy White with a single-Golden Yellow Segment from skin to its Free Stone.

● **Giant Size** — Many peaches weigh a pound each. As large as Hal-Berta Giant.

● **Delicious Flavor** — Distinctive White-Fleshed Peach Flavor preferred by so many people.

● **Ripens Mid-Season** — A few days after Elberta.

● **Wonderful Shipper** — The ONLY White-Fleshed Freestone Peach we know that will stay juicy and retain its rich, refreshing spicy flavor.

● **Hardiness** — Thrives in all peach-growing sections — North, Central, South. For bigger crops plant with Starking Delicious, Burbank July Elberta, Stark Early Elberta, etc.

● **Uses** — Superb for Eating Fresh, Desserts, Freezing and Markets.

Burbank July Elberta

J. H. Hale

Honeydew Hale

### A32. Wilson Delicious

Trade-Mark \*\*\*

Beautiful and delicious — an Apricot so hardy and so vigorous that you can easily grow them in your own back yard. Quick Bearers. Tool.

Fine for Home Orchard, Local Market. Delicious for Eating Fresh, Canning, Cooking, Freezing and Drying. Trees Sold ONLY by Stark. NCS.

A153. Stark Early-Orange

U. S. Patent \*\*\*

New. "Earliest Good Apricot" — rich, orange-colored meat and beautiful rosy cheeks. Excellent flavor. Firm, juicy — perfect freestone. Eating, Canning, Freezing, Markets. Trees large, vigorous, heavy bearers. Trees U. S. Patented and Sold ONLY by Stark Bro's. NCS. 50¢ per tree more than prices below.

A152. Stella

Even Hardier than Peaches

In cold Nebraska and farther North, Stella bears big crops of medium size, extra sweet, luscious Freestone Apricots. Good for Eating, Cooking, Canning, Market. NCS.

#### A160. Stark Early Flame

U. S. Plant Patent No. 759 \*\*\*

Earliest Yellow - Fleshed Fuzzless Peach — a Bud-Sport of Burbank Flaming Gold — and endowed with its same refreshing flavor and smooth glossy skin. Hardy wherever peaches grow.

Ripe and ready to eat Very Early — about 3 weeks before Elberta.

● **Colorful** — Large size; fuzz-free skin of flaming wine-red underlaid with golden yellow. Its luscious, golden yellow flesh is firm and overflowing with refreshing juice. Good shipper and keeper.

● **Uses** — Patented and Sold ONLY by Stark Bro's. NCS.

A159. Fuzzless-Berta

New U.S. Plant Patent No. 479 \*\*\*

New Fuzzless Peach Ripening with Elberta. After a quarter of a century spent in cross-breeding peaches in Nebraska, Dr. F. M. Hoffmann produced his ideal—Fuzzless-Berta.

● **Colorful** — Its almost Fuzzless skin is Golden Yellow blushed with Vivid Red. Luscious firm flesh is Golden Yellow. A perfect Freestone.

● **Giant Size** — World's Largest Yellow Freestone Peach — many weigh a pound or more each.

● **Honey-Sweet Flavor** — Same exquisite flavor that won for Hale the name "Million Dollar Peach."

● **Ripens Mid-Season** — 7 days after Elberta.

● **Excellent Shipper** — Goes on the market in beautiful eye-appealing condition.

● **Hardy** — Thrives in all Peach-growing sections — North, Central, South. Plant with Starking Delicious, Burbank July Elberta or Stark Early Elberta for bigger crops. Young, heavy bearer. Often bears at 2 years.

● **Uses** — Marvelous for Eating Fresh, Desserts, Freezing, Canning and biggest money-maker on the market.

● **Colorful** — Its almost Fuzzless skin is Golden Yellow blushed with Vivid Red. Luscious firm flesh is Golden Yellow. A perfect Freestone.

● **Giant Size** — World's Largest Yellow Freestone Peach — many weigh a pound or more each.

● **Honey-Sweet Flavor** — Same exquisite flavor that won for Hale the name "Million Dollar Peach."

● **Ripens Mid-Season** — 7 days after Elberta.

A beautiful big peach with smooth golden yellow skin, almost completely covered with fiery red. Delicious, tangy flavor, golden yellow flesh and freedom from fuzz should make it popular in every Home and Commercial Orchard. Trees are exceptionally hardy and Sold Under License of Patent Owner. NCS.

A161. Burbank Flaming Gold

Trade-Mark \*\*\*

"The very finest of all my Fuzzless Peaches" — declared Luther Burbank who created this new race of luxury fruits by crossing a delicious yellow-fleshed Freestone Peach with a select Nectarine

Starkling Hardy Giant—Hardest Red Sweet Cherry.

Stark Gold—Hardest Yellow Sweet Cherry

Montmorency Stark—Best of all Montmorency Strains

## CHERRIES—Newest, Hardest, Heaviest Bearing Champions

**Starkling Hardy Giant** U. S. Pat. No. 764. Trade-Mark Reg. U. S. Pat. Off.

At last, a giant hardy red teammate for Stark Gold. Trees bear immense clusters of huge, gorgeous dark-red cherries. Flavor is so full and rich, flesh so firm and crisp, you can't get enough of this superb eating. Ripe about 2 weeks after Strawberries. Bore big crops even where Sweet Cherries never bore before. Grand for Eating, Cooking, Freezing, Canning, Market. NNCS.

**BURBANK'S BLACK GIANT** Trade-Mark. New. Sugary Sweet and Delicious. One of the finest all round Sweet Cherries ever created. Burbank's own description makes you want to bite right into its tempting deliciousness! "Firm, deep, blackish crimson—sugary sweet and delicious. Bore even after 26 below." Fine for Eating, Cooking, Canning, Market. NCS.

**BURBANK HONEY-HEART** (Trade-Mark) New. A Big Sweet Cherry—often an inch in diameter. Golden-yellow, almost completely overspread with bright-red when fully ripe. Crisp, juice-laden, delicious flesh. Very Early. One of Burbank's youngest, heaviest producing Sweet Cherries. NCS.

**Stark Lambert**—Extra Hardy Strain. A beautiful big black Sweet Cherry—one of the largest, glossiest and handsomest of all dark-colored Sweets, and Stark Strain is one of the Hardest. Flesh is purplish-red, crisp and delicious. Firm meaty and juicy with a sweet rich flavor that wins friends at first taste. Fruit sets in great loose clusters—often a dozen or more cherries to a single fruit spur. For delicious Eating, Desserts, Freezing, Canning, and Markets. NCS.

**Stark GOLD**

Trade-Mark. Superb Quality.

**Super Hardy.** Hardest yellow Sweet Cherry ever developed! Sure bearer. Like nuggets of glowing gold, with a luscious, spicy flavor that melts in the mouth and honey-clear beauty that "sings out" on the table! An ideal Teammate for Starkling Hardy Giant. Ripe about a week after Montmorency. A top favorite for Eating, Cooking, Canning, Freezing, Market. NNCS.

**BLACK TARTARIAN IMPROVED.** Hardy, Sweet, (Deacon Strain). Favorite dooryard and roadside market Sweet Cherry. Not as large as some giant Sweets, but its purple-red, rich-flavored flesh—firm and crisp yet juicy—plus its heart shape and glossy rich color—delight the eyes and palate! Among the earliest to ripen. Good for shipping and canning. One of best for Eating Fresh. Desserts. NCS.

**RAINBOW STRIPE**—Sweet Yellow Lambert—Trade-Mark. Unique Bud-Sport of Stark Lambert. A huge, beautiful creamy yellow Sweet Cherry with a narrow ruby-red stripe from stem to tip. Fruit has all the delicious, firm, meaty, rich, sweet flesh that makes Stark Lambert so popular. Tree Hardy, big crops. NCS.

**Stark Hardy Strain.** Extra large Sweet Cherry, Golden Yellow, overspread with coral-red. Beautiful! Flavor rich and sweet. Firm, juicy, crisp. Keeps well. Ships beautifully. Trees bear young and bear big crops. NCS.

**MONTEARLY CHERRY.** Trade-Mark. Montearly will give you Cherries for pies, cobbles, tarts, canning and freezing earlier than any other cherry. Ready for home and market 2 weeks before Montmorency. Color is deep, rich wine with glorious deep-red juice. Sweet and meaty. Good shipper. Bore at 1 year. "My 1-year Montearly and Stark Gold bore fruit at 1 year." Fred Tim, Minn. NCS.

**SUDA HARDY** is the Late Dark-Red Morello Type Cherry to give you wine-red pies, cobbles and sauce late in the season. Tree is Hardy and produces big crops. Ripe about 10 days after Montmorency Stark. Fine for Cooking, Canning, Market. NCS.

**DYHOUSE**—Tart, Ripe a week before Early Richmond, larger. Best Very Early except Montearly. Extra hardy. Young, Heavy Bearer. NCS.

**WINDSOR**—Stark Record-Bearing Strain. Dark red sweet cherry. Extra hardy. Ships well, sells well on all markets. NCS.

**MONTMORENCY STARK** Trade-Mark.

**Extra Large Red Pie Cherry.** For over 20 years, many have called Montmorency Stark the World's Best Pie and Canning Cherry. When fully ripe it's sweet—a favorite with the children. Extra large, brilliant red! A strong grower, Hardy, and a sure and young bearer. Top favorite for Eating, Cooking, Canning, Freezing, Market. NNCS.

## MEDIUM HEIGHT SHRUBS

Use for Foundation Planting Around House; Flowering Hedges; Groups, etc.

**C513 ALMOND, Flowering**  
Grows 3 to 4 feet in height. This is one of the old fashioned favorites. Blooms in early Spring. The branches are almost entirely covered with rose-like, pink blossoms in the early Spring.  
1 1/2 to 2 foot size, \$2.25 each  
2 to 3 foot size, \$2.50 each

**C592 BARBERRY, Green Leaf**  
A thorny, all-purpose, compact, bushy dwarf shrub that is attractive when allowed to grow naturally to its usual height of about 3 feet or when trimmed to any desired height. Very popular for Hedges, shrub borders, foundation plantings or entrances. The small rich green leaves turn to shades of brilliant orange and scarlet in Autumn and the bright red berries hang on the bush all winter.  
1 1/2 to 2 foot size, \$1.20 each  
1 1/2 to 2 foot size, \$1.40 each  
See Hedge Plants for Quantity Prices

**C578 BARBERRY—Red Leaf**  
Beautiful new red-leaved sport of the Green Leaf Barberry, prized for its bright foliage. Rich, lustrous foliage the entire season. Like Green Leaf Barberry except for its bronze-red foliage.  
1 1/2 to 2 foot size, \$1.70 each  
1 1/2 to 2 foot size, \$1.95 each  
See Hedge Plants for Quantity Prices

**C554 CORALBERRY, Improved**  
Very attractive, low-growing shrub equally at home in deep shade or full sun. The light pink flowers in early summer are followed by clusters of large, pink berries which hang on well into the winter.  
1 1/2 to 2 foot size, \$1.40 each  
2 to 3 foot size, \$1.65 each

**C585 DEUTZIA, Slender**  
One of the best hardy dwarf-growing 2 to 3 ft. shrubs. Small snow-white flowers practically cover the bush in May. Attractive for bouquets. Branches arching. Useful for low foundation planting, entrances or in front of tall shrubs. Makes a beautiful low-flowering hedge.  
1 1/2 to 2 foot size, \$2.65 each  
1 1/2 to 2 foot size, \$2.95 each

**C532 FORSYTHIA, Showy Border**  
"Golden Bell" is the common name for all varieties of Forsythia. Great masses of bright yellow, bell-shaped flowers cover the plant for 4 to 6 weeks in March and April before leaves appear. Grows to a medium height of 4 to 6 ft. with arching branches. Use in foundation and border plantings. Its extreme hardiness and easy culture make it a top favorite. Showy Border is an improved Border Forsythia with larger blossoms, and blooms even more profusely.  
1 1/2 to 2 foot size, \$1.50 each  
2 to 3 foot size, \$1.75 each

**C524 NINEBARK, New Dwarf**  
An ornamental shrub which is popular for its white flowers and attractive pods which follow the flowers. Foliage is bright yellow during the summer months, changing to golden bronze-yellow in the Fall. A favorite shrub for planting around the foundation of the house and in shrub border.  
1 1/2 to 2 foot size, \$1.75 each  
2 to 3 foot size, \$2.00 each

**C581 QUINCE, Flowering**  
Early flowering, medium height shrub, noted for its dazzling display of brilliant scarlet flowers in early Spring. Blooms remain on plant from April to May. The plant is dense, low (4 to 6 ft.). Excellent for cutting and use in modern flower arrangements in the house. Shrub useful as specimens and in the foundation and border plantings. Glossy foliage.  
1 1/2 to 2 foot size, \$2.25 each  
2 to 3 foot size, \$2.75 each

**C553 SNOWBERRY, Improved**  
Sometimes called "Waxberry," just like Coralberry above, except berries are snow-white.  
1 1/2 to 2 foot size, \$1.35 each  
2 to 3 foot size, \$1.60 each

**C544 SPIREA, Anthony Waterer**  
Blooms from July until frost. Bright rosy crimson flowers in clusters. Favorite for foundation planting, entrance, for edging taller shrubs and as a low blooming hedge. Dwarf grower.  
1 1/2 to 2 foot size, \$1.85 each  
1 1/2 to 2 foot size, \$2.10 each

**C509 SPIREA, Froebel**  
Large clusters of rosy-pink bloom similar to Spirea Ant. Waterer. Taller growing than Ant. Waterer. Blooms well, even in shady places. Excellent for low growing, untrimmed hedges, foundation and entrance plantings. Dwarf.  
1 1/2 to 2 foot size, \$2.00 each  
2 to 3 foot size, \$2.20 each

**C591 SWEETSHRUB, Fragrant**  
Entire plant is spicy fragrant—flowers, leaves and stems smell fresh, spicy and sweet. Vigorous grower and long-season bloomer—from early summer until frost. Large, glossy, fragrant leaves and rich maroon colored, fragrant flowers make this a very desirable shrub.  
1 1/2 to 2 foot size, \$2.60 each  
2 to 3 foot size, \$2.90 each

**C5601 ALTHEA, Assorted**  
Large single bell-shaped blossoms of Pink, Rose or Purple—darker in center. Flowers often 4 inches across. Very lovely.  
1 1/2 to 2 foot size, \$1.65 each  
2 to 3 foot size, \$1.75 each

**C533 ALTHEA, Crimson Eye**  
Large single bell-shaped blossoms of white with vivid deep red color at base.  
1 1/2 to 2 foot size, \$1.65 each  
2 to 3 foot size, \$1.75 each

**ALTHEA, Double Flowering**  
Beautiful large double blossoms resembling double flowering hollyhocks.  
C536 Double Red C535 Double Rose  
C537 Double Purple C534 Double White  
1 1/2 to 2 foot size, \$1.65 each  
2 to 3 foot size, \$1.75 each

**BUTTERFLY BUSH**  
A very attractive 5 ft. bush covered with clusters of purple lilac-like flowers from July till frost. Used around foundations for specimen or border plants. Attracts butterflies. Perennial in northern sections.  
C568 Charming (Pink) \$1.75  
C569 Dubonnet (Wine Red) \$1.75  
C570 Farquhar (Scarlet) \$1.50  
C577 Ile de France (Dark Purple) \$1.50  
Please order by Number and Name

**C584 DEUTZIA, Lemoine**  
Medium height very hardy shrub. Clusters of white flowers cover it in May. One of the best for foundation groups, entrances or shrub borders.  
1 1/2 to 2 foot size, \$2.50 each  
2 to 3 foot size, \$2.80 each

**C583 DEUTZIA, Pride of Rochester**  
4 to 6 feet in height. The white, double flowers in late Spring are tinged with pink. Especially good for borders and specimen planting.  
1 1/2 to 2 foot size, \$2.75 each  
2 to 3 foot size, \$3.00 each

**C586 DOGWOOD, Coral Stem**  
A tall growing shrub valued for its bright red branches, which add color to planting during winter. Use in shrub border.  
2 to 3 foot size, \$1.50 each  
3 to 4 foot size, \$1.75 each

**C503 ELDER, Golden**  
A shrub which furnishes creamy white flowers for six weeks in May and June, dark blue berries in late summer and fall, and an effective accent of bright yellow leaves throughout the entire season. The maximum height attained by this fairly compact bush is 5 to 8 ft.  
2 to 3 foot size, \$1.50 each  
3 to 4 foot size, \$1.75 each

**C539 FORSYTHIA, Weeping**  
Like the other forsythias the long, slender, drooping branches are covered with light yellow flowers in the very early Spring before the leaves appear. The graceful, drooping branches are a cascade of gold in early Spring. Especially beautiful in combination with Flowering Quince in the flowering border and in the foundation planting.  
2 to 3 foot size, \$1.50 each  
3 to 4 foot size, \$1.75 each

**C541 HYDRANGEA, Snowhill**  
The popularity of Snowhill Hydrangea is well deserved. It is often called an "ever-bloomer" because of its long season of flowering from June to September. It is covered with large heads of pure white flowers, often 10 inches in diameter, which resemble the old-fashioned Snowball. The plant is low growing (3 to 4 ft.), very dense and a rapid grower. It will succeed even in partial shade, as well as in full sun. Excellent plant for use near house, wall or in shrub border. Thrives everywhere.  
1 1/2 to 2 foot size, \$1.95 each  
2 to 3 foot size, \$2.75 each

**C542 HYDRANGEA P. G.**  
Drooping and spreading. Medium tall-growing 4 to 6 ft. Very large cone-shaped clusters of white flowers turning to pink for 3 weeks beginning in July. Wide spreading dense top from one or more stems. Can be pruned to "tree-form" if desired. Makes medium to large bush, used at foundations and in yard plantings. One of the most effective uses is to plant in front of taller growing shrubs.  
1 1/2 to 2 foot size, \$1.95 each  
2 to 3 foot size, \$2.75 each

**C518 KERRIA, Single White**  
Also called Jetbead. This 5 to 8 ft. shrub has large, white, four-petaled flowers in April and May and scattered bloom throughout Summer and Fall. Black berries in Fall. Thrives everywhere.  
1 1/2 to 2 foot size, \$2.50 each  
2 to 3 foot size, \$2.75 each

**C521 MOCKORANGE, Lemoine**  
Upright, Medium grower, 5 to 8 ft. Small full-shape, fragrant, white bloom beginning in May and continuing four weeks. Used at foundations and in yard plantings. Fine for medium tall flowering Hedge. The abundance of bloom is surpassed only by its beauty.  
1 1/2 to 2 foot size, \$1.25 each  
2 to 3 foot size, \$1.50 each

**C514 MOCKORANGE, Virginal**  
The "Everblooming Mockorange." This shrub is "tops" for foundation plantings, border plantings or cutting gardens. You can enjoy its glorious flowers all Spring, Summer and Fall. These waxy-white flowers are large, double and fragrant, and form handsome clusters during the

entire growing season. Their delightful fragrance adds a great deal to the Summer garden. It is invaluable for its hardiness, rapid growth and the fact that it will grow in the shade.  
2 to 3 foot size, \$2.75 each  
3 to 4 foot size, \$3.00 each

**C531 PRIVET, Regel.**  
An all purpose shrub. Grows to a height of 4 to 6 ft. Arching branches covered with tiny fragrant white flowers for 3 weeks in late May and early June. Attractive glossy foliage. Used at foundations and in yard plantings.  
1 1/2 to 2 foot size, \$1.90 each  
2 to 3 foot size, \$2.20 each

**LILAC, French Budded**  
One of the most beautiful of the flowering shrubs. Equally good planted singly, in groups of the same variety or in a combination of different varieties. Available in the following choice varieties.  
C549 "Belle de Nancy" Lilac (Double Pink)  
C547 "Ludwig Spaeth" Lilac (Purp. Red)  
C548 "Mme. Abel Chateau" (Dbl. White)  
C546 "Pres. Grevy" Lilac (Double Blue)  
C549 Belle de Nancy \$3.00 each  
1 1/2 to 2 foot size, \$3.25 each  
2 to 3 foot size, \$3.50 each

**SPIREAS**  
The Spireas are very ornamental. They are usually low or medium-size shrubs with small white, pink or crimson flowers. Spirea grow in almost any moderately moist soil. Popular for borders, foundation and single plantings on the lawn.  
C544 SPIREA, Anthony Waterer—See "Dwarf Shrubs" 1st column.  
C545 SPIREA, Billiard  
Medium tall, upright growing—reaching height of 4 to 6 ft. Long spikes of beautiful pink bloom for 15 weeks. Recommended for foundation plantings and for shrub borders.  
2 to 3 foot size, \$1.50 each  
3 to 4 foot size, \$1.75 each

**C509 SPIREA, Froebel—See "Dwarf Shrubs" 1st column.**

**C511 SPIREA, Thunberg**  
Arching branches covered with tiny, white flowers during April and early May. Medium tall-growing to a height of 4 to 6 ft. Dense, compact bush. Used at foundations, entrances and in lawn plantings. For untrimmed flowering hedge.  
1 1/2 to 2 foot size, \$1.75 each  
2 to 3 foot size, \$1.95 each

**C543 SPIREA, Van Houtte**  
Improved "Bridal Wreath." The most popular, most spectacular and most widely planted of all Spireas. Clusters of small, rose-like, white blossoms transform this plant into a veritable snow-bank in May and early June. Its profusion of bloom, graceful arching branches and medium tall growing habit make Spirea Van Houtte the most popular of all flowering shrubs for foundation plantings, group and specimen plantings on lawns. Unexcelled for untrimmed flowering hedge.  
2 to 3 foot size, \$1.40 each  
3 to 4 foot size, \$1.65 each

**C575 WEIGELA, Pink**  
Profusion of trumpet-shape pink blossoms 4 weeks' period in May and June. Compact arching top. Medium size bush—growing to a height of 4 to 6 ft. A favorite for foundation plantings, groups and for specimen plantings on the lawn.  
2 to 3 foot size, \$2.35 each  
3 to 4 foot size, \$2.70 each

**C574 WEIGELA, Red**  
Dark red bell-shaped flowers. Excellent for planting in front of taller shrubs and gives color to landscape and foundation plantings.  
1 1/2 to 2 foot size, \$2.50 each  
2 to 3 foot size, \$2.75 each

**SHRUB ROSES**  
"Few Rose lovers realize how versatile 'Shrub Roses' can be. It is difficult to understand why their value as landscape material has never been more fully appreciated."  
C590 GROOTENDORST, F. J. Rose  
F. J. Grootendorst is one of the most popular of all Shrub Roses. It produces clusters of bright red flowers that have serrated edges. It is a vigorous grower, but can be pruned to any height. Is hardy.  
\$2.25 Each

**C517 RUGOSA ROSE**  
Also known as Japanese Rose. An invaluable Dwarf-to-Medium height Shrub-Rose. Very hardy. Useful in foundation plantings, in front of shrub borders or as a hedge. Fragrant deep pink roses, often 3 inches across. Large bright red berries on plant during the winter. Foliage is dark green and crinkly and is resistant to diseases and insect pests.  
\$2.25 Each

## TALL GROWING SHRUBS

Use Shrubs Below for Backgrounds, Screen Plantings, Groups, etc.

**C555 ARROWWOOD**  
Large clusters of white flowers 2 to 3 inches across in May, followed by thick clusters of blue-black berries. A favorite of Song Birds. Brilliant Fall colors. Fine plant for shady places, especially under trees. Zones 1, 2, 3, 4, 5 and 6.  
2 to 3 foot size, \$2.50 each  
3 to 4 foot size, \$2.95 each

**C570 BEAUTY BUSH**  
Gracefully arching branches form a cascade of clear pink bell-shaped blossoms from the ground up. A native of the cold, bleak mountain section of northern China, it is as hardy as an Oak. Thrives in either sun or shade. Truly a Beauty Bush.  
1 1/2 to 2 foot size, \$2.00 each  
2 to 3 foot size, \$2.60 each

**C573 CRANBERRY BUSH, American**  
Large flat heads of White flowers. Large Red Berries all Winter. Attract Song Birds. Bright red foliage in Fall.  
2 to 3 foot size, \$2.65 each  
3 to 4 foot size, \$3.00 each

**C538 FORSYTHIA, Fortune**  
This upright and spreading form of Forsythia grows to a height of 6 to 8 ft. It is covered with showy yellow flowers with curly petals early in the spring, even before the leaves appear. Makes most attractive mid-winter flower arrangements when stems are forced into bloom in water. A useful plant for foundation and border plantings. Will grow in either full sun or partial shade.  
2 to 3 foot size, \$1.95 each  
3 to 4 foot size, \$2.50 each

**C516 HONEYSUCKLE, Morrow**  
Upright, tall-growing—8 to 10 ft. when grown. Very attractive, dark green leaves. White bloom turning to yellow 3 weeks in April and May. Red berries in summer and fall. Makes large, dense, compact bush with spreading top. Used at high foundation and in yard plantings or as tall screen plantings.  
2 to 3 foot size, \$1.60 each  
3 to 4 foot size, \$1.75 each

**C512 HONEYSUCKLE, Red Tat.**  
Upright, tall-growing—10 to 12 feet. Bright rose-pink bloom 3 weeks in April and May followed by red berries in summer and fall. The most serviceable of all for tall screen planting. Also used at high foundations, for all hedges.  
2 to 3 foot size, \$1.60 each  
3 to 4 foot size, \$1.75 each

**C523 HONEYSUCKLE, White Tat.**  
Similar to Red Tatarian Bush Honeysuckle except that the bloom is white. Most useful for dense hedges or screen.  
2 to 3 foot size, \$1.60 each  
3 to 4 foot size, \$1.75 each

**C550 LILAC, Fragrant Purple**  
Upright, tall growing 6 to 12 ft. Large fragrant blossoms in Spring. Makes large bush. Use in yard plantings and borders.  
2 to 3 foot size, \$2.00 each  
3 to 4 foot size, \$2.25 each

**C510 LILAC, Persian**  
Upright, Medium Tall growing 6 to 8 ft. Large fragrant bloom. Very graceful. Used at foundations and for cemeteries.  
2 to 3 foot size, \$2.25 each  
3 to 4 foot size, \$2.50 each

**C515 MOCKORANGE, Sweet**  
Upright—tall growing 6 to 12 feet in height. Cup-shaped flowers are large, white and very fragrant, and bloom in profusion during May and June over a 4 weeks period. Makes a large bush. Used

at high foundations and in yard plantings. Fine for tall screen plantings.  
2 to 3 foot size, \$1.40 each  
3 to 4 foot size, \$1.70 each

**C576 SNOWBALL, Mam. White**  
Drooping and spreading. Tall growing 6 to 8 ft. Large ball-shaped white bloom 3 weeks in May. Foliage turns to brilliant crimson and gold in Fall. Used singly or in yard plantings. Popular for its masses of bloom in the spring and colorful foliage in the Fall.  
2 to 3 foot size, \$2.85 each  
3 to 4 foot size, \$3.10 each

**C589 REDBUD, American**  
Also called the Judas Tree. This tall growing shrub or small tree presents a striking picture, with its clusters of rosy-pink flowers, followed by large, heart shaped green leaves. A universal favorite that grows anywhere in the United States. An effective shrub for group plantings in the yard or shrub border. A Redbud tree and a bed of Crocus bring spring right into your own yard.  
2 to 3 foot size, \$3.25 each  
3 to 4 foot size, \$3.95 each

**C552 TAMARIX, Kashgar**  
Adds the beauty of its fluffy pink bloom to your planting. Also fine, delicate picture, with its clusters of rosy-pink flowers, followed by large, heart shaped green leaves. A universal favorite that grows anywhere in the United States. An effective shrub for group plantings in the yard or shrub border. A Redbud tree and a bed of Crocus bring spring right into your own yard.  
2 to 3 foot size, \$1.50 each  
3 to 4 foot size, \$1.75 each

**C506 WILLOW, Pussy**  
A touch of spring for your garden. This upright, tall-growing shrub is a perfect blend of muted tones, with its silvery catkins, green leaves and greenish brown bark. Blends well with more colorful shrubs such as American Redbud. Maximum height around 15 to 20 feet.  
2 to 3 foot size, \$1.95 each  
3 to 4 foot size, \$2.50 each

## DWARF FRUIT TREES

Stark Hardy Dwarf Apple and Pear Trees are becoming more and more popular for use in the Landscape as more and more people learn that even if their yards are tiny, they can grow some of their own fruit.

In Early Spring these little trees are bouquets of Apple and Pear Blossoms. Just as beautiful is the large golden yellow and bright red fruits that follow the blossoms.

When you plant varieties ripening in succession, you can have the thrill of going out in your own yard and picking beautiful and deliciously flavored Apples and Pears all season long.

FRUIT IS AS LARGE OR LARGER

Fruit grown on Stark Hardy Dwarf Trees is just as large or larger than the same variety grown on standard size trees. And, talk about flavor—you've never really known how delicious an apple can be until you pick it full ripe and full of juice right from your own trees.

Read All About Stark Hardy Dwarfs on Page 1.

# STARK TREES - And You Plant the Best!

## ONLY FROM STARK TREES DO YOU GET THESE EXTRA BENEFITS

# 10 EXCLUSIVE BENEFITS

Results Show Why Stark Trees Are the Lowest Priced Trees on Earth!

### \$21.45 Worth of Apples on 3-Year Stark Golden Delicious Tree

"3 years ago we ordered three 'Gold-Mine' Orchards from you and we are now in position to mail out Christmas boxes with a dozen Stark Golden Delicious in a box.

"We have apples that are 4 inches across them now. One tree has 146 apples on it and has been planted here 3 years and it was a hard winter and spring here on them."—Mrs. Lynn McDonald, Barry County, Michigan.

### \$24.00 Worth of Cherries from 5-Year Stark Gold Tree

(excerpt from Moberly, Mo. paper)

"John L. Widner delivered 33 pounds of Stark Gold Sweet Cherries in Moberly which sold at 40 cents a pound. This 33-pound delivery was part of the crop from one tree, as the family used about half of the crop at home. Widner estimates the yield from this one tree to have been about 60 pounds. It is a 5-year tree and has borne a good crop the past two seasons.

"This Stark Gold Cherry is hardy, a regular and heavy bearer and is one cherry the birds let me pick—some call it the 'bird-proof cherry,' Mr. Widner said."

### \$4.00 a Bushel for Peaches from 3-Year Stark Trees

"My Hal-Berta, J. H. Hale and Red Bird Cling Peach trees I bought from you 3 years ago had the finest peaches on them I ever saw. They weighed 14 ounces. I sold them for \$4.00 a bushel and got 5c apiece for selected ones. I gathered as much as 1½ bushels per tree. I can recommend Stark trees as the finest, fastest growing trees I ever saw." — John W. West, Cherokee County, Ala.

### \$4,850.00 Crop of Burbank July Elberta Peach

W. A. May of LaMar County, Texas sold his 1948 crop of Burbank July Elberta Peaches from his young 10-acre orchard for \$4,850.00—\$485.00 per acre. Mr. May recently wrote us:

"My orchard is set out on 25 foot centers giving me about 69 trees to the acre. I have only Burbank July Elberta Peach Trees in my orchard and I must say that Stark Trees are second to none."

**1 Stark Trees Bear Quicker—1, 2 or 3 Years Sooner, often when only 2 years old.**

**2 Stark Record-Bearing, Strains Bear Best, because they come from finest Parent Trees.**

**3 Stark Customers Get "Miracle" Fruit—Created by Stark and Burbank, Wizard of Horticulture.**

**4 Every Stark Tree is Guaranteed to arrive Safely at your shipping Point — or we Replace FREE. 3-Way Guarantee.**

**5 Every Stark Tree is True to Name—Stark Head Propagator makes Affidavit yearly.**

**6 Stark Customers Get All the Roots, because we dig with Stark Patent Power Digger.**

**7 Stark Big, Husky-Rooted Trees Grow Faster, because grown by Stark Trade-Marked "Old Oak Process" Reg. U.S. Pat. Off.**

**8 Stark Trees are Super-Quality—they are Grown by Experts. Backed by Experience of 6 Generations—138 Years.**

**9 Stark Tree Roots are Protected From the Sun and Wind by Covered Vans and Cool, Dark Packing Houses.**

**10 Every Stark Shipment Carries State Inspection Certificate, and every tree is inspected 5 times before shipment.**

## STARK ORCHARDS AND ORNAMENTALS INCREASE PROPERTY VALUES

### Stark Trees Added \$1,200.00 to Selling Price of Lot

"I have five half-acre lots eleven miles from Chicago," writes Mr. O. R. Moore.

"My friend, Mr. Brown, who is Vice-President of one of the largest real estate firms in the city, was offered \$1,200.00 MORE for one of his half-acre lots simply because his fruit trees, planted every 30 feet, were loaded with all kinds of fruit—and these were 4-year-old trees."

Stark World's Champion Fruit Trees would add \$6,000.00 to the value of Mr. Moore's five lots on this same basis, and one crop of high quality fruit often pays the entire cost of the trees.

### "Stark Trees Too Low Priced," C. M. Mathis, Ky.

"We planted the trees you sent us. We were very much delighted in your choice trees. The only criticism I have is you sell your trees too cheap, when you consider the high grade of trees you place on the market."

### Stark Trees Helped Sell Old Place—Wants Bigger Stark Orchard on New Farm

"I am sure our home orchard on the place we sold helped to sell the place. Our Starking Delicious and Stark Golden Delicious apple trees and our Hal-Berta Giant peach and July Elberta peach trees bore a few fruits the second year after planting. I am most anxious to get a larger orchard started on our new 80-acre farm. Please rush me your catalog, so I can get started planning my new orchard."—B. L. Powers, Pulaski Co., Ark.

### Stark Orchard Cost Him \$80.00—Helps Get \$3,950 More for His Place Only 6 Years Later

"I bought about \$80.00 worth of trees from you about 5 or 6 years ago for my small place which had cost me \$550.00. I sold out for \$4,500.00. My Stark orchard helped me sell the place and make a good profit. I have bought a new place now—and will buy again from you."—Chas. A. Coleman, Pike Co., Kentucky.

### HOW TO SELECT VARIETIES FOR BEST CROSS-POLLINATION AND HEAVIER BEARING

Many fruit varieties need some other variety growing nearby so that the blossoms may be cross-pollinated, otherwise they will not bear fruit as heavily as they should. Check each kind of fruit carefully below and be sure you have ordered enough different varieties of each kind of fruit to insure heaviest production in your orchard.

**APPLES.** Be sure you have at least 2 or 3 different varieties of apples in the same orchard or in your neighborhood. **PEACHES.** Most peach varieties are self fruitful and will bear by themselves; however, to assure larger crops it is usually safer to plant at least 2 other varieties. **PEARS.** Be sure to include at least 2 pear varieties. **CHERRIES.** Sour cherries or pie cherries are self-fruitful but be sure you include at least 2 varieties of sweet cherries; one of which should be strong pollinizer like Black Tartarian Improved or Stark Gold. **PLUMS.** Use several varieties of plums if possible, at least 2 different varieties. **APRICOTS.** All our apricots are self-fruitful. **GRAPES.** Plant 2 or more varieties of grapes.

### How to Select Varieties

**HARDINESS.**After descriptions in catalog, key letters—NCS—show region where the variety grows successfully—NN means Far North; N, North; C, Central; S, South; hence NCS means it grows well North, Central, South.

**POLLINATION.**There are probably enough Fruit Trees growing near you to pollinate those you plant. To make sure of cross-pollination select different varieties. It is best to plant at least 2 Apple varieties, 2 or more Pear, Plum, Sweet Cherry and Peach.

**\$5.00 MINIMUM ORDER.** Stark Bro's lose money on orders totaling less than \$5.00. In the event order totals less than \$5.00, please add 50c to the total to help cover cost of handling. This applies to Stark Nursery Stock only—not to Stark Tre-Pep, Orchard Fertilizer, Spray Materials, Strawberries.

## STARK TRE-PEP (Trade-Mark) STARTER FERTILIZER

(FOR USE WHEN TREES ARE PLANTED)  
Also for Quick Feeding of Trees and Plants During Growing Season

Gives Quick, Vigorous Start to Your Young Trees and Plants. Fine for Trees, Shrubs, Roses, Berries, Vegetables, House Plants, etc.

Just add one tablespoonful of this Concentrated Plant Food to one gallon of water and pour into hole on dirt as you plant Fruit Trees, Shrubs, Roses, etc. It will start quick growth and stimulate Young Bearing.

Stark TRE-PEP is also wonderful for Vegetables and House Plants. You will be amazed at the quick response of your Plants in larger, more profuse blooms. Just pour around plants on top of ground or mulch.

1½-lb. Package of Stark Tre-Pep makes 37 Gallons of Liquid Fertilizer.

POSTPAID. Please Send Cash With Order.  
1½-lb. can \$1.90 5-lb. bag \$5.50

## STARK Orchard Fertilizer

(FOR USE ON ESTABLISHED TREES)

Spectacular Tree Growth. Increases Crops Up to Double in Yield. Improves Size and Quality of Fruit

Here is a New Concentrated Fertilizer especially made for bearing trees. It is high in Nitrate—Powerful. A little goes a long way. Only ¼-lb. to each inch of diameter of trunk of tree. You can actually see the trees take on new luster. Foliage becomes a richer green in color and growth is greatly increased. **MORE FRUIT — LARGER FRUIT — HIGHER QUALITY FRUIT!** result when you feed your bearing trees Stark ORCHARD Fertilizer.

**FOR BEST RESULTS,** scatter on ground under the trees just before growth starts in Spring. Or for immediate results on Apple Trees, dissolve in water and spray on foliage.

**Quicker Tree Growth — Bigger Fruit — More Fruit Sooner When You Use Stark ORCHARD Fertilizer.**

POSTPAID. Please Send Cash With Order.  
5 lbs. \$3.30 18 lbs. \$7.55

## IT'S FUN! IT'S EASY TO SPRAY Stark's New Combination Spray

JUST ADD WATER — THAT'S ALL

IT'S EFFICIENT ... IT'S SAFE ... IT'S EASY TO USE

Full Directions on Package. 1 lb. will spray 25 1-year trees; 12 3-year trees; 6 5-year trees for the entire season (5 applications) when applied with a hand sprayer.

All the ingredients needed for complete protection are already mixed in Stark COMBINATION Spray—just add water.

**PROTECT ALL KINDS OF FRUITS AND TREES**

Stark COMBINATION Spray protects both the tree and fruit from insects and diseases—Apples, Peaches, Cherries, Plums, Pears, Grapes. Also excellent for Flowering Shrubs, Shade Trees, Roses and other Ornamentals.

**LARGER FRUIT—BIGGER CROPS**

Bigger crops of large size, clean, sugar-sweet, tree-ripe fruit from your own trees can now be yours when you protect your trees and fruit with Stark COMBINATION Spray, which combines 4 highly effective and safe chemicals in one Easy-to-Use Spray. No longer do you have to carry a Drug Store in your basement. No longer do you have to measure out a teaspoonful of this and an ounce of that—it's already mixed for you in Stark COMBINATION Spray.

"NOW It's Fun to Spray"

"I didn't spray with anything but Stark Combination Spray and it sure does the work. I take people out to see the big, fine red apples. I can grow fine apples and you can, too, if you use Stark Spray."—J. P. Jackson, Ill.

"It is the best spray we have found and would use no other—saves time, eliminates waste."—Mrs. Anna T. Medlin, Va.

"I can't say enough about Stark Combination Spray. It is very important to the home fruit grower." — John E. George, Ohio.

"I used to dread to spray even the few trees I have. NOW it's fun!"—Jos. Resnik, Ind.

"It is the best spray I have ever used. I sold some to my neighbors and they liked it, too. It did the work."—C. W. Schraeder, Wisc.

"It saves time, money and, best of all, it saves fruit."—Mrs. Ida Gibbs, Texas.

"The EASIEST spray material to use that's available."—H. T. Waller, Va.

"It's the finest all-around 4-way spray. Fine for trees and fine for fruit."—Beatrice M. Forsythe, N. Y.

"It enabled me to win First Prizes on all varieties of Apples I entered at LaMar Fair."—Chester Bateman, Mo.

"It makes the spray program a pleasure."—A. W. Kadel, Iowa.

"It couldn't be easier, more convenient or quicker to use."—Robert Wilking, Ill.

**COSTS SO LITTLE**

Stark COMBINATION Spray is so concentrated it takes very little to make enough liquid spray to do the job—¼-lb. package makes 8 gallons of liquid spray. It costs only about 7c for enough material to spray a 5-year bearing Apple, Peach, Plum or other fruit Tree.

# America's Greatest Family of Nurserymen - 6 Generations of Starks - With 138 Years Experience

## Trees of KNOWN PARENTAGE — "Record-Bearing" Strains — Yield Bigger, Better Fruit SOONER — Every Stark Tree Is GUARANTEED By the World's Largest Nurseries

When you buy your Fruit Trees from Stark Bro's—you get every benefit and advantage of more than 138 years of leadership in the Fruit and Plant World. Stark Bro's have developed and introduced more valuable, successful, famous New Fruits than all other nurseries combined.

Stark Trees and Plants pass 5 inspections. Official State Inspectors regularly check and certify all Stark Nursery Trees and Plants. Before shipment they must be again inspected and approved by our superintendent. Five times these trees must pass inspection at the hands of experts who have definite instructions to throw out every tree that does not measure up to the high standards we have set. This is your assurance that every Stark Tree and Plant is as near perfect as a tree or plant can be.

### STARK'S 3-WAY GUARANTEE ON ALL TREES AND PLANTS

1. **GUARANTEED** that every Stark Tree and Plant you receive is true to name or \*money back, free from disease, State-inspected and in good, live planting condition.
2. **GUARANTEED** that every Stark Tree or Plant arriving in unsatisfactory condition will be replaced **ABSOLUTELY FREE**, provided you notify us by letter within 2 weeks from date you receive it.
3. **GUARANTEED** that, if any Stark Tree or Plant that is given reasonable care does not grow the first Summer, we will share the loss with you by replacing it at 1/2 your cost, provided you notify us before September 1st following planting. \*(See "True to Name" on Order Blank.)

### Introduced More Fruits than ALL Others

Hon. E. P. Powell, famous Horticultural author, wrote:—"There are two kinds of men dealing with Fruit Evolution. One of these is the Burbank sort, applying science to the

development of new sorts. If Burbanks are wizards, Stark Bro's are the Saviors." Stark Bro's have unquestionably introduced more Valuable, Successful, Famous New Fruits than all other nurseries combined.

### Sole Heirs to Luther Burbank's Amazing New Fruit Miracles

When Luther Burbank, the Master Plant Breeder, realized that the end of his remarkable work was near, he named Stark Bro's exclusively to continue his world-famous experiments. And Stark Bro's alone were selected by the Wizard of Horticulture to introduce his new discoveries and creations to fruit and plant growers everywhere.

Men of little faith scoffed at Luther Burbank when, in 1893, he printed his first little catalog of "New Creations" in Plant and Fruit Life—including new fruits, larger and more beautiful and far more delicious than had ever before been known. But a small handful of kindred Pioneers possessed the faith and foresight to recognize the genius of this Maker of Miracles. Outstanding among these Pioneers were the nationally known Nurserymen, Orchardists and Horticulturists, the Stark Brothers.

### Helped By Stark Bro's From The Start

The Fourth Generation of Stark Nurserymen in Missouri had not only the birthright and background to give them faith in Luther Burbank, they also were able to back up this faith with financial support at the very time when Burbank's future and the future of his history-making fruit and plant creations hung on that support.

The Stark Brothers bought from Luther Burbank the sole rights to the FIRST TREES of "New Creations" the Wizard of Horticulture ever sold. For these exclusive rights Stark Bro's paid the Master Plant Breeder what at that time was the fabulous sum of \$9,000.00.

As a consequence of this vision and financial support and because, in all the world, the Stark Family was the one best equipped by tradition and experience to carry on this miraculous work, Stark Bro's Nurseries—and Stark Bro's alone—were chosen by Luther Burbank to spread his great work throughout the world.

Today, over 100 years after the birth of Luther Burbank, Stark Bro's are proud to share with you the greatest achievements of "The Green-Thumbed Pioneer" whose great intellect, boundless imagination and patient hands gave the world the most remarkable new kinds of Plums, Plumcots, Peaches, Cherries, Quinces and other fruits ever developed for the greater happiness and health of mankind.

# SAVE MONEY — 25%—on These Special Low-Priced INTRODUCTORY OFFER ASSORTMENTS

All Trees are Top Quality. Regular Size Apple and Pear Trees are 4 to 5 ft.; Cherry, Peach, Plum and Apricot are 3 to 4 ft. Super-Size Apple and Pear Trees are 5 to 7 ft. size; Cherry, Peach, Plum and Apricot Trees are 4 to 6 ft. size.

# PLANT this FALL

Enjoy Glorious, Spectacular Early  
Spring Color Around Your Home

## NEW LUTHER BURBANK Rose—Flowering PEACH TREES

Bear Spectacular Blossoms and De-  
licious Peaches. U. S. Plant Patent  
Trees Sold ONLY by Stark Bro's.

In early Spring, Burkbank's Double Rose-Flowering Peach Trees create a sensation with their spectacular masses of colorful bloom. One of our customers in Chicago told us they stop traffic on his street when they are in bloom. They also bear delicious freestone peaches. Start to bloom and bear when only 2 years old and will thrive in any climate where peach trees grow.

Both "Santa Rosa" (Red) and "Orchid" (Pink) are prized for planting in Shrub Borders, along Driveways, as Specimen Lawn Trees and for Mass plantings. Semi-Dwarf.

"You Did Not Do Justice to Santa Rosa Double-Flowering Peach in Your Catalog," wrote Mrs. M. E. Pluck of Ohio. "You merely say it is edible. It is the best flavored peach, produces more fruit and outdoes every tree I have."

Planted for Beauty of Bloom Alone — Also Got Fruit. "I planted both Santa Rosa (Red) and Orchid (Pink) Double-Flowering Peach Trees for the beauty of their rose-like blossoms. Now they are bearing peaches which are so honey-sweet and delicious they are prized by my family for eating and also for canning." J. W. Minihan, Mo.

2-3 ft. Trees.....\$3.20 Each

## WHY SUCH A LARGE PERCENTAGE OF STARK BRO'S BUSINESS EVERY YEAR COMES FROM FORMER STARK CUSTOMERS

"When my trees were only 1 year old I began picking Peaches, Plums, Cherries and Pears from them. I gathered 1/2 bushel of Grapes from 3 vines—1 year old.

"I have never seen trees grow as fast and bear as young. I am enclosing a snapshot showing one of my peach trees. I feel that Stark Bro's trees and shrubbery enabled me to sell my place. People were quick to see the advantage of using Fruit Trees to provide shade, beauty and fruit."—L. E. Sooter, Okla.

"Thank you for Such Fine, Large Trees. They were the finest I have ever seen anywhere. I have bought from several other reliable nurseries, but their trees look sick compared to yours."—Edward H. Blanks, Va.

"Our Fruit Trees and Shrubs have all arrived and been set out. It has already made a difference in the permanent look of our home. We were amazed at size of trees and shrubs and excellent condition of roots." — Fernetta Lusher, Ind.

## Why Trees are Worth More than We Ask

"It is seldom that I have a chance to write a letter thanking a company for their excellent products. For, in these days, it is seldom that you get more than what you pay for.

When I received your letter in answer to my letter asking for prices on pear trees, you stated that you would send me trees that I would like to plant and be proud of. That, sir, is an under-estimation in my opinion after looking the trees over. The fact is, anyone would be proud of them. After comparing the trees for size and growth with trees that I bought from nurseries in this state and planted, some of them as far back as two years ago, I realized that I got more than my money's worth from you.

In appreciation for what you have done for me and as a suggestion that might help your sales in the northern vicinity, may I make a remark that you do not seem to stress enough that your trees will grow as good up north here as trees bought from this locality. As far as I can see, they are doing as good — even better than trees bought from northern nurseries.—John Yanik, Wayne County, Mich.
